I. INTRODUCTION

Wedia SA ("Wedia") appreciates your interest in its products and services and your visit to our web site. Your privacy is important to us and we want you to feel comfortable visiting our site and using our product. The protection of your privacy in the processing of your personal data is an important concern to which we pay special attention during our business processes. Personal data collected during visits to our web site or/and during use of our product are processed by us according to the legal provisions valid for the countries in which the web sites are maintained, especially according to the Regulation (EU) 2016/679 of the European parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (GDPR). In addition, our Corporate Policy for Personal Data Protection covers also the processing of Customer and Partner Data which is applicable company-wide for Wedia. The Wedia web site may include, however, links to other web sites which are not covered by this privacy statement.

Wedia (Processor/Controller) respects your privacy and your personal data and guarantees the lawfulness of data processing.

This Privacy Policy explains what information (data) Wedia and its related entities collect about you and why, what we do with this data, how we share, processe it, and how we handle the content you place in our products and services. It also explains the choices available to you regarding our use of your Personal Data, how you can access and rectify this data and the applicable security measures.

I.1. Scope of Privacy Policy

This Privacy Policy applies to the data that we obtain through your use of "Wedia Services" via a "Device" or when you otherwise interact with Wedia.

"**Wedia Services**" include our:

- Websites (Controller)
- SaaS Products (Processor)

but does not include:

- Third Party Products. These are third party products or services that you may choose to integrate with Wedia product or services, such as third-party product or sites integrated to Wedia solution. You should always review the policies of third party products and services to make sure you are comfortable with the ways in which they collect and use your data.

A "**Device**" is any computer used to access the Wedia Services, including without limitation a desktop, laptop, mobile phone, tablet, or other consumer electronic device.

By registering for or using Wedia Services you consent to the collection, transfer, processing, storage, disclosure and other uses described in this Privacy Policy.

I.2. Definitions

Content: any data or data that you upload, submit, post, create, transmit, store or display in an Wedia Service.

Controller: the natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of personal data.

Data: all of the different forms of data, content, and data collected by us as described in this Privacy Policy.

Personal Data: any information relating to an identified or identifiable natural person ('data subject'); an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person. Personal Data does not include data that has been anonymized such that it does not allow for the ready identification of specific individuals.

Processor: a natural or legal person, public authority, agency or other body which processes personal data on behalf of the controller;

SaaS Products: Wedia "Cloud" hosted solutions.

Websites: Wedia's websites, including but not limited to wedia-group.com, and any related websites, sub-domains and pages.

The terms "personal data", "data subject", "processing", "controller", "processor", "supervisory authority" and etc as used in this Privacy Policy have the meanings given in the GDPR.

DATA PROCESSING AND PURPOSES

I.3. Data you provide to us

We collect the following data:

Account and Profile Data: We collect data about you and your company as you register for an account, create or modify your profile, use, access, or interact with the Wedia Services (including but not limited to when you upload, download, collaborate on or share Content).

Data we collect includes

- Contact data such as name, email address, mailing address, and phone number
- Profile data such as a username, profile photo, and job title
- Preferences data such as notification preferences

You may provide this data directly when you enter it in Wedia Services.

In some cases, another user (such as a system administrator) may create an account on your behalf and may provide your data, including Personal Data (most commonly when your company requests that you use our products). We collect Data under the direction of our customers and often have no direct relationship with the individuals whose personal data we process. If you are an employee of one of our customers and would no longer like us to process your data, please contact your employer. If you are providing data (including Personal Data) about someone else, you must have the authority to act for them and to consent to the collection and use of their Personal Data as described in this Privacy Policy.

Content: We collect and store Content that you create, input, submit, post, upload, transmit, store or display in the process of using our SaaS Products or Websites. Such Content includes any Personal Data or other sensitive data that you choose to include ("incidentally-collected Personal Data").

Other submissions: We collect other data that you submit to our Websites or as you participate in any interactive features of the Wedia Services, participate in a survey, contest, promotion, sweepstakes, activity or event, apply for a job, request customer support, communicate with us via third party social media sites or otherwise communicate with us. For example, data regarding a problem you are experiencing with an Wedia product could be submitted to our Support Services.

Job searches: You do not have to give us any Personal Data in order to perform job searches. Nevertheless, to apply for (web application eRecruiting), you will have to type your name, e-mail address, telephone number and a CV.

We strongly suggest that your CV should not contain data relating to your (i) racial or ethnic origin (ii) political beliefs (iii) philosophical or religious beliefs (iv) membership of a trade union or political party (v) physical or mental health (vi) sexual life or (vii) the commission of criminal offences or proceedings. If your CV does contain such data, then you agree that we may retain this data and use it in accordance with this Statement.

I.4. Data we collect from your use of Wedia Services

Web Logs: As is true with most websites and services delivered over the Internet, we gather certain data and store it in log files when you interact with our Websites and SaaS Products. This data includes internet protocol (IP) addresses as well as browser type, internet service provider, URLs of referring/exit pages, operating system, date/time stamp, data you search for, locale and language preferences, identification numbers associated with your Devices, your mobile carrier, and system configuration data. In the case of our SaaS Product, the URLs you accessed (and therefore included in our log files) include usernames as well as elements of Content (such as project names, asset names, status names, and filters...) as necessary for the SaaS Product to perform the requested operations. Occasionally, we connect Personal Data to data gathered in our log files as necessary to improve Wedia Services for individual customers. In such a case, we would treat the combined Data in accordance with this privacy policy.

Analytics Data from Website and SaaS Products: We collect analytics data when you use our Websites and SaaS Products to help us improve our products and services. In the SaaS Products, this analytics data consists of the feature and function of the Wedia Service being used, the username and IP address of the individual who is using the feature or function (which will include Personal Data if the Personal Data was incorporated into the username), the sizes and original filenames of attachments, and additional data required to detail the operation of the function and which parts of the Wedia Services are being affected. For example:

- In the Digital Asset Management, analytics data that we collect when a user download an asset includes the system-generated numeric identifier of the asset, the selected variation type of the asset (if any), the IP address of the user.
- Similarly, in the Creative Project, analytics data that we collect when a subject is edited includes the system-assigned numeric subject id, the modified item, whether the edit is made by a user or automatically generated by the system, and whether email notifications are to be sent.

As shown in the examples above, the analytics data we collect includes elements of Content related to the function the user is performing. As such, the analytics data we collect may include Personal Data or sensitive business data that the user has included in Content that the user chose to upload, submit, post, create, transmit, store or display in an Wedia Service. We use Elasticsearch as the analytics solution for our SaaS product.

As of the date this policy went into effect, we use Google Analytics as an analytics provider for our website. To learn more about the privacy policy of Google Analytics, refer to [Google's Policies and Principles](#). Use the [Google Analytics Opt-out Browser Add-on](#) to prevent analytics data from being sent to Google Analytics.

Cookies and Other Tracking Technologies: Wedia and our third-party partners, such as our advertising and analytics partners, use various technologies to collect data, such as cookies and web beacons. Cookies are small data files stored on your hard drive or in device memory. We use cookies to improve and customize Wedia Services and your experience; to allow you to access and use the Websites or SaaS Products without re-entering your username or password; and to count visits and understand which areas and features of the Websites and SaaS Products are most popular. You can instruct your browser, by changing its options, to stop accepting cookies or to prompt you before accepting a cookie from websites you visit. If you do not accept cookies, however, you may not be able to use all aspects of our Websites or SaaS Products. Wedia and our third-party partners also collect data using web beacons (also known as "tracking pixels"). Web beacons are electronic images that may be used in our Websites or SaaS Products or in emails that help us to deliver cookies, count visits, understand usage and campaign effectiveness and determine whether an email has been opened and acted upon.

Wedia and our third-party partners also use javascript, e-tags, "flash cookies", and HTML5 local storage to collect data about your online activities over time and across different websites or online services. Many browsers include their own management tools for removing HTML5 local storage objects.

You may be able to opt out of receiving personalized advertisements as described below under "Your Choices."

1.5. Data we collect from other sources

Data from third party services: We also obtain data from third parties and combine that with Data we collect through Wedia Services. For example, we may have access to certain data from a third-party social media or authentication service if you log into Wedia Services through the service or otherwise provide us with access to Data from the service. Any access that we may have to such Data from a third party social or authentication service is in accordance with the authorization procedures determined by that service. By authorizing us to connect with a third-party service, you authorize us to access and store your name, email address(es), current city, profile picture URL, and other data that the third-party service makes available to us, and to use and disclose it in accordance with this Privacy Policy. You should check your privacy settings on these third-party services to understand and change the data sent to us through these services.

Google Data and Youtube API: Google gives us an access to the Google user data, but we do not process this data (no consultation, use, modification, and etc). Wedia Services (Wedia application) accesses the Google data by using Youtube APIs.

Wedia application stores authentication video tokens on a secure database to interact with the Youtube chain and to permit further video modifications. Wedia application permits to modify the video data (name of the video and etc.), and to retrieve its views, likes, sharings, comments, statistics and etc., stored on a secure database. There is no personal data processing. No data shared.

1.6. Purposes of the processing

We process the Data for specified, explicit and legitimate purposes and this Data will be not further processed in a manner that is incompatible with those purposes. Consequently, we use the Data we collect about you (including Personal Data to the extent applicable) for a variety of **purposes**, including to:

- Provide, operate, maintain, improve, and promote Wedia Services;
- Enable you to access and use Wedia Services, including uploading, downloading, collaborating on and sharing Content;
- Process and complete transactions, and send you related data;
- Send transactional messages, including responding to your comments, questions, and requests; providing customer service and support; and sending you technical notices, updates, security alerts, and support and administrative messages;
- Send promotional communications, such as providing you with data about services, features, surveys, newsletters, offers, promotions, contests, events and sending updates about your team and chat rooms; and providing other news or data about us and our select partners. You have the ability to opt out of receiving any of these communications as described below under "Your Choices";
- Monitor and analyze trends, usage, and activities in connection with Wedia Services and for marketing or advertising purposes;
- Investigate and prevent fraudulent transactions, unauthorized access to Wedia Services, and other illegal activities;
- Personalize Wedia Services, including by providing content, features, or advertisements that match your interests and preferences;
- Enable you to communicate, collaborate, and share Content with users you designate;

- Recruitment; and
- For other purposes about which we obtain your consent.

Notwithstanding the foregoing, we will not use Personal Data appearing in our Analytics Logs or Web Logs for any purpose. The use of Data collected through our Wedia Services shall be limited to the purposes disclosed in this policy.

Wedia collects the Personal Data which is adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed.

I.7. Data sharing and disclosure

Wedia processes the Data lawfully, fairly and in a transparent manner in relation to the data subject.

We will not share or disclose any of your Personal Data or Content with third parties except as described in this policy. We do not sell your Personal Data or Content.

Your Use: When you use Wedia Services, Content you provide will be displayed back to you. Certain features of Wedia Services allow you or your administrator to make some of your Content public, in which case it will become readily accessible to anyone. We urge you to consider the sensitivity of any data you input into Wedia Services.

Collaboration: As a natural result of using Wedia Services, you may create Content and grant permission to other Wedia users to access it for the purposes of collaboration. Some of the collaboration features of Wedia Services display your profile data, including Personal Data included in your profile, to users with whom you have shared your Content. Where this data is sensitive, we urge you to use the various security and privacy features of the Wedia Services to limit those who can access such data.

Access by your system administrator: You should be aware that the administrator of your instance of Wedia Services may be able to:

- access data in and about your Wedia Services account;
- access communications history, including file attachments, for your Wedia Services account;
- disclose, restrict, or access data that you have provided or that is made available to you when using your Wedia Services account, including your Content; and
- control how your Wedia Services account may be accessed or deleted.

Service Providers, Business Partners and Others: We work with third party service providers to provide website, application development, hosting, maintenance, back-up, storage, virtual

infrastructure, payment processing, analysis and other services for us. These service providers may have access to or process your Data for the purpose of providing those services for us. Some of our pages utilize white-labeling techniques to serve content from our service providers while providing the look and feel of our site. Please be aware that you are providing your Data to these third parties acting on behalf of Weddia.

Third Party Add-Ons: You may choose to make use of third party Add-Ons in conjunction with Weddia Services. Third party Add-Ons are software written by third parties to which you grant access privileges to your Content (which may include your Personal Data). When access is granted, your Content is shared with the third party. Third party Add-On policies and procedures are not controlled by Weddia even though the third-party Add-On may be available through Weddia Services. Third parties who have been granted access to your Content through Add-Ons could use this data to contact you and market services to you and could share your data with other third parties. This Privacy Policy does not cover the collection or use of your data by third party Add-Ons, and we urge you to consider the privacy policies governing third party Add-Ons. If you object to your Personal Data being shared with these third parties, please terminate your agreement with the third-party Add-On provider (in the event you have purchased a direct integration).

Links to Third Party Sites: The Weddia Services may include links to other websites whose privacy practices may differ from ours. If you submit Personal Data to any of those sites, your data is governed by their privacy policies. We encourage you to carefully read the privacy policy of any website you visit.

Testimonials: We may display personal testimonials of satisfied customers on the Weddia Websites. With your consent, we may post your testimonial along with your name. If you wish to update or delete your testimonial, you can contact us using the data below.

Compliance with Laws and Law Enforcement Requests; Protection of Our Rights: We may disclose your Data (including your Personal Data) to a third party if (a) we believe that disclosure is reasonably necessary to comply with any applicable law, regulation, legal process or governmental request, (b) to enforce our agreements, policies and terms of service, (c) to protect the security or integrity of Weddia's products and services, (d) to protect Weddia, our customers or the public from harm or illegal activities, or (e) to respond to an emergency which we believe in the good faith requires us to disclose data to assist in preventing the death or serious bodily injury of any person.

Business Transfers: We may share or transfer your Data (including your Personal Data) in connection with, or during negotiations of, any merger, sale of company assets, financing, or acquisition of all or a portion of our business to another company. You will be notified via email and/or a prominent notice on the Weddia Services of any change in ownership or uses of your Personal Data, as well as any choices you may have regarding your Personal Data.

Aggregated or Anonymized Data: We may also share aggregated or anonymized data that does not directly identify you with the third parties described above.

With Your Consent. We will share your Personal Data with third parties when we have your consent to do so.

I.8. Data we do not share

We do not share Personal Data about you with third parties for their marketing purposes (including direct marketing purposes) without your permission.

DATA STORAGE LIMITATION AND TRANSFER

I.9. Data storage limitation

Wedia hosts data with a hosting service provider (AWS, Azure) in numerous countries including the United States and Ireland. The servers on which Personal Data is stored are kept in a controlled environment. While we take reasonable efforts to guard your Personal Data, no security system is impenetrable and due to the inherent nature of the Internet as an open global communications vehicle, we cannot guarantee that data, during transmission through the Internet or while stored on our systems or otherwise in our care, will be absolutely safe from intrusion by others, such as hackers. In addition, we cannot guarantee that any incidentally-collected Personal Data you choose to store in Websites or SaaS Products are maintained at levels of protection to meet specific needs or obligations you may have relating to that data.

Personal Data is kept by Wedia in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data are processed; personal data may be stored for longer periods insofar as the personal data will be processed solely for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes in accordance with Article 89 (1) of GDPR subject to implementation of the appropriate technical and organisational measures required by this Regulation in order to safeguard the rights and freedoms of the data subject.

I.10. Data transfer

Where data is transferred over the Internet as part of a Website or SaaS Product, the data is encrypted using industry standard SSL (HTTPS).

If the storage and/or processing of Personal Data involves transfers of the Personal Data out of the EEA and the European Data Protection Legislation applies to the transfers of such data ("Transferred Personal Data"), Wedia will ensure that Wedia as the data exporter/importer of the Transferred Personal Data enters into Model Contract Clauses (or alternative transfer solution) with you as the data exporter/importer of such data, and that the transfers are made in accordance with such Model.

YOUR CHOICES

You may opt out of receiving promotional communications from Weddia by using the unsubscribe link within each email or emailing us to have your contact data removed from our promotional email list or registration database. Although opt-out requests are usually processed immediately, please allow ten (10) business days for a removal request to be processed. Even after you opt out from receiving promotional messages from us, you may continue to receive transactional messages from us regarding Weddia's Services. You can opt-out of some notification messages in your account settings.

I.II. Access to personal data

You may access, rectify, erase, remove or transmit to another your Personal Data in your account settings or by directing your query to your account administrator. You may also contact Support Services or Data Protection Officer. We will respond to your request for access within 30 days.

You can often remove Content using editing tools associated with that Content. In some cases, you may need to contact your administrator to request they remove the Content.

You or your administrator may be able to deactivate your Weddia Services account. If you can deactivate your own account, you can most often do so in your account settings. Otherwise, please contact your administrator. To deactivate an organization account, please contact Support Services. To deactivate an account made for you without authorization, please contact us at the contact data below.

We will retain your account data for as long as your account is active, or as reasonably useful for commercial purposes or as necessary to comply with our legal obligations, resolve disputes, and enforce our agreements. If your account is managed by an administrator, that account administrator may have control with regards to how your account data is retained and deleted.

SECURITY

Wedia uses all technical and organizational security measures in order to protect the data we have under our control against accidental or intentional manipulation, loss, destruction and against access by unauthorized persons. Our security procedures are continually enhanced as new technology becomes available.

Taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of processing as well as the risk of varying likelihood and severity for the rights and freedoms of natural persons, Wedia implements appropriate technical and organisational measures to ensure a level of security appropriate to the risk, including inter alia as appropriate:

- (a) the pseudonymisation and encryption of personal data;
- (b) the ability to ensure the ongoing confidentiality, integrity, availability and resilience of processing systems and services;
- (c) the ability to restore the availability and access to personal data in a timely manner in the event of a physical or technical incident;
- (d) a process for regularly testing, assessing and evaluating the effectiveness of technical and organisational measures for ensuring the security of the processing.

If you need more information you can contact our Data Protection Officer in order to obtain an access to our Security Policy.

DATA INCIDENT

If Wedia becomes aware of a Data Incident, Wedia will: (a) notify Subject, Processor/Controller and Supervisory Authority of the Data Incident promptly and without undue delay, and, where feasible, not later than 72 hours after having become aware of it; and (b) promptly take reasonable steps to minimize harm and secure Customer Data.

Notifications made pursuant to this section will, to the extent possible:

- (a) describe the nature of the personal data breach including where possible, the categories and approximate number of data subjects concerned and the categories and approximate number of personal data records concerned;
- (b) communicate the name and contact details of the data protection officer or other contact point where more information can be obtained;
- (c) describe the likely consequences of the personal data breach;
- (d) describe the measures taken or proposed to be taken by the controller to address the personal data breach, including, where appropriate, measures to mitigate its possible adverse effects.

Notification(s) of any Data Incident(s) will be delivered to the Notification Email Address or, at Wedia's discretion, by direct communication (for example, by phone call or an in-person meeting). Another party is solely responsible for ensuring that the Notification Email Address is current and valid.

Wedia's notification of or response to a Data Incident will not be construed as an acknowledgement by Wedia of any fault or liability with respect to the Data Incident.

CHILDREN

Wedia does not knowingly collect personal data from children without insisting that they seek prior parental consent if required by applicable law. We will only use or disclose personal data about a child to the extent permitted by law, to seek parental consent pursuant to local law and regulations or to protect a child. The definition of "child" or "children" should take into account applicable laws as well as national and regional cultural customs.

FREEDOM OF DATA

Upon written request, Wedia or its representatives will inform you by letter without delay what personal data is stored by us as defined by applicable law. Should such data be incorrect, we will at your request correct that data for you, also as a registered user you have the option of viewing, deleting or amending your personal data yourself.

CONTACT

Should you have questions regarding the processing of your personal data you can refer to the Wedia Data Protection Officer, who is also available for enquiries, suggestions or complaints.
